Genex Infosys as a service
officer.

EDUCATION

DAFFODILL INTERNATIONAL

UNIVERSITY

Bachelor of science in Computer
Science and Engineering
2022-Present

UTTARA CITY COLLEGE

Higher Secondary School Certificate
Science
Gpa- 4.67

AZHAR ALI SECONDARY SCHOOL

Secondary School Certificate
Science
Gpa- 4.00

SKILLS

Artificial Intelligence & Machine Learning:

Hands-on experience with AI models, including deep learning for image classification (WasteWise waste classification project). Proficient in model training, fine-tuning, and evaluation.

Internet of Things (IoT):

Designed and implemented smart agriculture and auto-irrigation systems using ESP32 and sensor networks. Skilled in embedded systems development and real-time data integration.

Mobile App Development:

Familiar with Flutter for cross-platform app development. Able to build responsive and functional UI and integrate backend services.

Web Development:

Basic to intermediate knowledge of HTML, CSS, Python (Django Framework). Experience building dynamic and data-driven web applications.

Programming Languages:

Proficient in Python, C, Java, and Kotlin. Comfortable working with object-oriented programming and backend development.

Cybersecurity Fundamentals:

Foundational understanding of cybersecurity principles, network security, and ethical hacking tools and practices.

Algorithms & Problem Solving

Solid understanding of data structures and algorithms. Experience in implementing and analyzing efficient solutions to computational problems.
